

A Leisurely Tour of Usa City

-Guide Map for Usa City, Oita Prefecture-

The Grand Champion of sumo wrestling, Futabayama, is awesome!

We used to look up to him when we were young.

Ascend the long staircase of stone and be awed by the enigmatic views of the countryside from the Tenpyo era.

The Takasu Kannon Onie Festival is held in mid-winter, on January 4 every year, when participants in the festival cross the river with torches.

The art of great masters - I would like to tour the stone bridges too.

Step into the river with your bare feet in summer. It feels really good.

The rice from stepped rice paddy fields is very delicious.

Freshly harvested grapes are really delicious.

Grrr! (I'm waiting for the meat with an open mouth, so put it in quickly!)

Al... alright! The lion is mad at me.
